

# FIBERLIGN<sup>®</sup> ADSS Cable Storage

**Weight:** 0.00kg

**Dimensions:** 0.00cm x 0.00cm x 0.00cm

## Description

Fixed Crossarm Systems are Crossarms that are bolted together with a vertical member that can be bolted or banded to the structure. The **FIBERLIGN<sup>®</sup> ADSS Cable Storage** supports a 33" loop diameter.

## Features

- Metal channel structural frame provides a durable light-weight design with ridged strength that is easy to install
- Corrosion Resistant Materials - Aluminum
- Bolt together Crossarm packs in uniform low profile container that reduces shipping cost and is easier to inventory
- Multiple Keyholes adapt various Splice Cases
- Wide cable keepers avoid point loads and provide better cable support
