To Our Valued Customers and Partners,

The safety and health of our employees, customers, vendors and their families is of primary importance to all of us. As such, we are observing all COVID-19 protocols and recommendations in our offices and plants. We have many folks working from home and have taken the appropriate steps to minimize personal interaction in our plants. Travel has been restricted and office visits are on hold.

At this time, we are fully operational with our ability to manufacture and source product fully supported by our 23 operations in 21 countries. All facilities are operating in accordance with their local rules and regulations. Our goal is to continue to serve you and your business with the products and service you have come to expect from us, in as seamless a manner as possible.

If at any time this should change, we will, of course, notify you immediately.

Please do not hesitate to contact us with any specific questions and while we ride out this storm together, stay safe, stay healthy and look after each other.

All the best,
