

Wrap Guy Link

Weight: 0.00kg

Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

Wrap Guy Links are designed as an alternate for GUY-GRIP® Dead-ends, for use at the pole only, when the guy strand is wrapped around the pole.

Features

- Intended for single use but can be reinstalled twice within 90 days.
- Recommended for any size pole, single or double wrapped, the Wrap Guy Link neatly secures the tail of the guy strand to the load portion of the down guy.
- Guy hooks are acceptable for use with Wrap Guy Links
